

We are looking for an experienced

Hard Modeler with Showcar Building Experience

Who we are

The DC Group is a leading service provider for the automotive design industry. Our world class clients trust us as a reliable partner, when it comes to CAS or CAS projects or building entire show cars and design prototypes.

Your profile

- 3 years of experience as a hard modeler in the automotive design industry
- profound skills to prepare hard parts in various techniques and materials such as laminated parts, RP parts, milled and trimmed parts.
- competence in finishing hard parts in different techniques and with various machinery
- experienced in handling delicate showcar parts
- capable to work to a designated deadline
- competent in working independent and project orientated
- understanding of the high standards in the automotive design business
- capable of project controlling and communicating between different departments
- excellent team player and goal orientated work attitude
- professional personality and polite character
- German and English skills, other languages a plus
